

NexcoreClientDocs

Module Development Guide

& Audit Verification Checklist

A complete specification for the NexcoreClientDocs self-contained Laravel module. Covers architecture, file structure, UI standards, permissions, exports, and audit trail. Each item includes a checkbox for verification during development and testing.

Module Name:	NexcoreClientDocs	Version:	1.0
Platform:	NexCore Enterprise	Framework:	Laravel (PHP 8.3)
Document Type:	Development Guide	Status:	Approved for Build
Date:	31 May 2026	Classification:	Confidential

1. Module Overview & Purpose

NexcoreClientDocs is a fully self-contained Laravel module for the NexCore Enterprise Platform. It provides a comprehensive CIPC-style company profile dashboard with complete client document management, director registers, shareholder records, and compliance tracking.

Core Principles

- ☐ SELF-CONTAINED: Zero external module dependencies. Everything the module needs lives inside it.
- ☐ CLEAN ARCHITECTURE: Separate controllers per section. No spaghetti code. Each file has one job.
- ☐ PERMISSION-CONTROLLED: Every action checked at route, UI, and controller level. 32 granular permissions.
- ☐ AUDITED: Every action logged with who, what, when, and why. Full accountability.
- ☐ EXPORT-READY: Print, PDF, Excel, CSV, Word, and Bundled Presentation Pack from day one.
- ☐ PROFESSIONAL UI: Premium design standards with consistent typography, colours, spacing, and interactions.

IMPORTANT: This module starts with static/seed data to perfect the UI first. Data providers are structured so that switching to live database data later requires changing only the data provider internals - controllers and views remain untouched.

2. Complete File Structure

The complete module contains 70+ files organised into logical directories. Every file is named descriptively so its purpose is clear at a glance.

Root Files

- ☐ NexcoreClientDocs/module.json
- ☐ NexcoreClientDocs/composer.json (if needed)

Config/

- ☐ config.php - Module settings, menu registration, breadcrumb config

Constants/

- ☐ Constants/Permissions.php - All 32 permission constants
- ☐ Constants/StatusTypes.php - Active, Inactive, Deregistered, etc.
- ☐ Constants/DocumentCategories.php - Annual Return, Financial Statements, etc.
- ☐ Constants/AlertLevels.php - Critical, Warning, Info
- ☐ Constants/AuditActions.php - VIEWED, CREATED, UPDATED, DELETED, EXPORTED, PRINTED
- ☐ Constants/NoteSections.php - COMPANY, DIRECTORS, SHAREHOLDERS, DOCUMENTS
- ☐ Constants/ExportFormats.php - PDF, EXCEL, CSV, WORD, PRINT, COMPANY_PACK

Data/

- ☐ Data/DashboardDataProvider.php
- ☐ Data/CompanyDataProvider.php
- ☐ Data/DirectorsDataProvider.php
- ☐ Data/ShareholdersDataProvider.php
- ☐ Data/DocumentsDataProvider.php

Database/Migrations/

- ☐ Database/Migrations/create_clientdocs_permissions_table.php
- ☐ Database/Migrations/create_clientdocs_role_templates_table.php
- ☐ Database/Migrations/create_clientdocs_audit_log_table.php
- ☐ Database/Migrations/create_clientdocs_notes_table.php

Models/

- ☐ Models/ClientDocsPermission.php
- ☐ Models/ClientDocsRoleTemplate.php

- ☐ Models/ClientDocsAuditLog.php
- ☐ Models/ClientDocsNote.php

Helpers/

- ☐ Helpers/ClientDocsHelper.php
- ☐ Helpers/PdfHelper.php
- ☐ Helpers/ExcelHelper.php
- ☐ Helpers/WordHelper.php
- ☐ Helpers/CompanyPackBuilder.php

Providers/

- ☐ Providers/ClientDocsServiceProvider.php
- ☐ Providers/RouteServiceProvider.php

2. Complete File Structure (continued)

Http/Controllers/

- ☐ Http/Controllers/DashboardController.php
- ☐ Http/Controllers/CompanyController.php
- ☐ Http/Controllers/DirectorsController.php
- ☐ Http/Controllers/ShareholdersController.php
- ☐ Http/Controllers/DocumentsController.php
- ☐ Http/Controllers/PermissionsController.php
- ☐ Http/Controllers/AuditController.php
- ☐ Http/Controllers/NotesController.php
- ☐ Http/Controllers/RecycleBinController.php
- ☐ Http/Controllers/ExportController.php

Http/Middleware/

- ☐ Http/Middleware/CheckClientDocsAccess.php
- ☐ Http/Middleware/CheckClientDocsPermission.php

Http/Policies/

- ☐ Http/Policies/ClientDocsPolicy.php

Http/ViewComposers/

- ☐ Http/ViewComposers/TabComposer.php
- ☐ Http/ViewComposers/BreadcrumbComposer.php

Routes/

- ☐ Routes/web.php - All module routes with middleware

Resources/views/

- ☐ views/layouts/master.blade.php
- ☐ views/dashboard/index.blade.php
- ☐ views/dashboard/partials/company-info-card.blade.php
- ☐ views/dashboard/partials/key-dates-table.blade.php
- ☐ views/dashboard/partials/alerts-panel.blade.php
- ☐ views/dashboard/partials/action-buttons.blade.php
- ☐ views/dashboard/partials/activity-feed.blade.php

- ☐ views/company/index.blade.php
- ☐ views/company/partials/registration-details.blade.php
- ☐ views/company/partials/tax-details.blade.php
- ☐ views/company/partials/business-details.blade.php
- ☐ views/directors/index.blade.php
- ☐ views/directors/partials/director-card.blade.php
- ☐ views/directors/partials/director-summary.blade.php
- ☐ views/directors/partials/director-filters.blade.php
- ☐ views/shareholders/index.blade.php
- ☐ views/shareholders/partials/shareholder-card.blade.php
- ☐ views/shareholders/partials/ownership-chart.blade.php
- ☐ views/shareholders/partials/shareholder-filters.blade.php
- ☐ views/documents/index.blade.php
- ☐ views/documents/partials/document-row.blade.php
- ☐ views/documents/partials/document-filters.blade.php
- ☐ views/permissions/index.blade.php
- ☐ views/permissions/partials/user-permission-row.blade.php
- ☐ views/permissions/partials/role-template-selector.blade.php
- ☐ views/audit/index.blade.php
- ☐ views/audit/partials/audit-entry.blade.php
- ☐ views/recycle-bin/index.blade.php
- ☐ views/recycle-bin/partials/deleted-record-row.blade.php

2. Complete File Structure (continued)

Print & Export Views

- ☐ views/print/layout.blade.php
- ☐ views/print/company-profile.blade.php
- ☐ views/print/directors-register.blade.php
- ☐ views/print/shareholders-register.blade.php
- ☐ views/print/documents-register.blade.php
- ☐ views/exports/company-pack-config.blade.php

Shared Partial

- ☐ views/partials/tabs.blade.php
- ☐ views/partials/header.blade.php
- ☐ views/partials/breadcrumbs.blade.php
- ☐ views/partials/footer.blade.php
- ☐ views/partials/error-state.blade.php
- ☐ views/partials/empty-state.blade.php
- ☐ views/partials/notes-panel.blade.php
- ☐ views/partials/note-entry.blade.php
- ☐ views/partials/search-bar.blade.php
- ☐ views/partials/confirm-dialog.blade.php

Resources/assets/

- ☐ assets/css/nexcore-clientdocs-layout.css
- ☐ assets/css/nexcore-clientdocs-components.css
- ☐ assets/css/nexcore-clientdocs-responsive.css
- ☐ assets/js/nexcore-clientdocs-nav.js
- ☐ assets/js/nexcore-clientdocs-ui.js
- ☐ assets/js/nexcore-clientdocs-helpers.js
- ☐ assets/js/nexcore-clientdocs-dialogs.js

TOTAL: 70+ files across 10 top-level directories. Every file has a clear, descriptive name. No shortcuts.

3. UI Design Standards

These standards define every visual element in the module. All values are defined as CSS variables in the layout stylesheet. No hardcoded values anywhere in component CSS or views.

3.1 Typography

Element	Font Family	Weight	Size	Line Height	Color
Page Title	Inter / Montserrat	700 (Bold)	24px	32px	--nxcd-text-primary (#0F172A)
Section Heading	Inter / Montserrat	600 (Semi-Bold)	18px	26px	--nxcd-text-primary
Subsection Heading	Inter / Montserrat	600 (Semi-Bold)	14px	20px	--nxcd-text-heading
Card Title	Inter / Montserrat	600 (Semi-Bold)	13px	18px	--nxcd-text-primary
Body Text	Inter / Segoe UI	400 (Regular)	13px	20px	--nxcd-text-body (#334155)
Small Text	Inter / Segoe UI	400 (Regular)	12px	18px	--nxcd-text-secondary (#64748B)
Label Text	Inter / Segoe UI	500 (Medium)	11px	16px	--nxcd-text-label (#475569)
Micro Text	Inter / Segoe UI	400 (Regular)	10px	14px	--nxcd-text-muted (#94A3B8)
Code / Monospace	JetBrains Mono / Fira Code	400	12px	18px	--nxcd-text-code
Button Text	Inter / Montserrat	600 (Semi-Bold)	13px	18px	Inherits button color
Table Header	Inter / Montserrat	600 (Semi-Bold)	11px	16px	White on navy bg
Table Cell	Inter / Segoe UI	400 (Regular)	13px	18px	--nxcd-text-body
Badge Text	Inter / Montserrat	600 (Semi-Bold)	10px	14px	Inherits badge color
Breadcrumb	Inter / Segoe UI	400 (Regular)	12px	16px	--nxcd-text-muted
Tooltip	Inter / Segoe UI	400 (Regular)	11px	16px	White on dark bg

- ☐ All font families loaded via Google Fonts or local @font-face
- ☐ Fallback font stack defined: Inter, -apple-system, BlinkMacSystemFont, Segoe UI, sans-serif

- ☐ Letter-spacing on labels: 0.5px uppercase
- ☐ No font size below 10px anywhere in the module

3.2 Colour Palette & Themes

All colours defined as CSS custom properties (--nxcd-*). Theme switching changes these variables. Default theme: Ocean Breeze (light, warm pastels with indigo primary).

Primary & Brand Colours

Variable	Hex	Usage
--nxcd-primary	#6366F1 (Indigo)	Primary buttons, active tabs, links, focus rings
--nxcd-primary-hover	#4F46E5	Primary button hover state
--nxcd-primary-light	#EEF2FF	Primary tinted backgrounds, active row highlight
--nxcd-secondary	#0EA5E9 (Ocean Blue)	Secondary accent, info elements, header accents
--nxcd-secondary-light	#E0F2FE	Secondary tinted backgrounds

Semantic Colours

Variable	Hex	Usage
--nxcd-success	#10B981	Success states, active badges, completed items
--nxcd-success-light	#ECFDF5	Success backgrounds
--nxcd-warning	#F59E0B	Warning states, pending items, approaching deadlines
--nxcd-warning-light	#FFFBEF	Warning backgrounds
--nxcd-danger	#EF4444	Error states, delete buttons, overdue items
--nxcd-danger-light	#FEE2E2	Error backgrounds
--nxcd-info	#06B6D4 (Cyan)	Informational badges, help tooltips
--nxcd-info-light	#ECFEFF	Info backgrounds

Surface & Background Colours

Variable	Hex	Usage
--nxcd-bg-page	#F4F6F9	Main page background
--nxcd-bg-card	FFFFFF	Card and panel backgrounds
--nxcd-bg-input	FFFFFF	Form input backgrounds
--nxcd-bg-input-focus	#FAFBFF	Input background on focus
--nxcd-bg-sidebar	#0F172A (Navy)	Sidebar background
--nxcd-bg-header	FFFFFF	Page header background
--nxcd-bg-table-header	#0F172A	Table header row
--nxcd-bg-table-stripe	#F8FAFC	Alternating table rows

Variable	Hex	Usage
--nxcd-bg-hover	#F1F5F9	General hover background
--nxcd-bg-modal-overlay	rgba(15,23,42,0.6)	Modal backdrop

Border & Shadow

Variable	Value	Usage
--nxcd-border	#E2E8F0	Default borders on cards, inputs, dividers
--nxcd-border-focus	#6366F1	Input focus border (primary colour)
--nxcd-border-radius-sm	4px	Small elements (badges, small buttons)
--nxcd-border-radius	8px	Standard elements (inputs, cards)
--nxcd-border-radius-lg	12px	Large elements (modals, panels)
--nxcd-shadow-sm	0 1px 2px rgba(0,0,0,0.05)	Subtle shadow for inputs
--nxcd-shadow	0 1px 3px rgba(0,0,0,0.1), 0 1px 2px rgba(0,0,0,0.06)	Cards, dropdowns
--nxcd-shadow-lg	0 10px 15px rgba(0,0,0,0.1), 0 4px 6px rgba(0,0,0,0.05)	Modals, elevated panels
--nxcd-shadow-glow	0 0 20px rgba(99,102,241,0.3)	Focus glow on primary elements

- ☐ All colours use CSS custom properties, zero hardcoded values
- ☐ Dark theme variables defined in separate theme file
- ☐ Pastel gradient card headers match CIMS Accounts style

3.3 Spacing & Layout Grid

Variable	Value	Usage
--nxcd-space-xs	4px	Tight gaps (between badge and text)
--nxcd-space-sm	8px	Small gaps (between related elements)
--nxcd-space-md	16px	Standard gaps (card padding, field gaps)
--nxcd-space-lg	24px	Section gaps (between card groups)
--nxcd-space-xl	32px	Major gaps (between page sections)
--nxcd-space-2xl	48px	Page-level gaps (top/bottom margins)

Three-Column Dashboard Layout

Column	Width	Content
Left Column	30% (3.5/12 cols)	Company info card, registration details
Centre Column	45% (5.5/12 cols)	Key dates table, alerts & notifications
Right Column	25% (3/12 cols)	Action buttons stack

Responsive: On tablet (< 1024px) left + centre become full width stacked, right moves below. On mobile (< 768px) all three stack vertically.

- ☐ Grid system uses CSS Grid or Flexbox (no Bootstrap grid dependency)
- ☐ All spacing uses the defined variables, no magic numbers
- ☐ Responsive breakpoints: 1280px (desktop), 1024px (tablet), 768px (mobile)
- ☐ Maximum content width: 1400px centered

3.4 Form Controls

Property	Value
Height	44px
Background	#FFFFFF (--nxcd-bg-input)
Border	2px solid #E2E8F0 (--nxcd-border)
Border Radius	8px (--nxcd-border-radius)
Padding	10px 14px
Font Size	13px
Font Family	Inter / Segoe UI
Text Color	#334155 (--nxcd-text-body)
Placeholder Color	#94A3B8 (--nxcd-text-muted)

Property	Value
Focus Border	2px solid #6366F1 (--nxcd-primary)
Focus Shadow	0 0 0 3px rgba(99,102,241,0.15) (indigo glow)
Focus Background	#FAFBFF (--nxcd-bg-input-focus)
Error Border	2px solid #EF4444 (--nxcd-danger)
Error Shadow	0 0 0 3px rgba(239,68,68,0.15)
Disabled Background	#F1F5F9 with 0.6 opacity
Transition	border-color 0.2s, box-shadow 0.2s, background 0.2s

Label Standards

Property	Value
Font Size	11px
Font Weight	500 (Medium)
Text Transform	Uppercase
Letter Spacing	0.5px
Color	#475569 (--nxcd-text-label)
Margin Bottom	6px
Required Indicator	Red asterisk (*) after label text

- ☐ All inputs use consistent 44px height
- ☐ Focus state includes indigo border + glow shadow
- ☐ Error state includes red border + glow + error message below
- ☐ Validation error message: 12px, red, appears below input with slide-down animation
- ☐ Select dropdowns have custom SVG arrow icon
- ☐ Date fields use Flatpickr with format j M Y (display) and Y-m-d (storage)
- ☐ Textarea has character counter when maxlength is set
- ☐ Photo upload has gradient border frame with initials fallback

3.5 Buttons

Type	Background	Text	Border	Hover Effect
Primary	Gradient: #6366F1 to #4F46E5	White, 13px, 600	None	Lift -2px, glow shadow, brighten 5%
Secondary	#FFFFFF	#6366F1, 13px, 600	2px solid #6366F1	Fill with #6366F1, text white
Success	Gradient: #10B981 to #059669	White	None	Lift -2px, green glow shadow
Danger	Gradient: #EF4444 to #DC2626	White	None	Lift -2px, red glow shadow
Warning	Gradient: #F59E0B to #D97706	White	None	Lift -2px, amber glow shadow
Ghost	Transparent	#64748B	None	Background #F1F5F9
Icon Only	Transparent	#64748B	None	Background #F1F5F9, scale icon 1.1

Button Sizes

Size	Height	Padding	Font Size	Border Radius
Small (sm)	32px	6px 12px	11px	6px
Medium (default)	40px	10px 20px	13px	8px
Large (lg)	48px	12px 28px	14px	10px

- ☐ All buttons have transition: all 0.2s cubic-bezier(0.4, 0, 0.2, 1)
- ☐ Loading state: spinner icon replaces text, button disabled, opacity 0.7
- ☐ Disabled state: opacity 0.5, cursor not-allowed, no hover effects
- ☐ Icon + text buttons: 8px gap between icon and text
- ☐ Button groups: first has left radius, last has right radius, middle has none

3.6 Message Boxes & Alerts

Type	Icon	Background	Border Left	Text Color
Success	fa-check-circle	#ECFDF5	4px solid #10B981	#065F46
Error	fa-times-circle	#FEF2F2	4px solid #EF4444	#991B1B
Warning	fa-exclamation-triangle	#FFFBEF	4px solid #F59E0B	#92400E
Info	fa-info-circle	#E0F2FE	4px solid #0EA5E9	#0C4A6E

Toast Notifications (top-right corner)

Property	Value
Position	Fixed, top-right, 20px from edges
Width	380px max
Border Radius	10px
Shadow	Large shadow with slight colour tint matching type
Animation In	Slide from right + fade in, 0.3s ease-out
Animation Out	Slide right + fade out, 0.2s ease-in
Auto Dismiss	5 seconds (success/info), manual dismiss (error/warning)
Close Button	X icon in top-right corner
Stacking	Multiple toasts stack vertically with 8px gap

Confirmation Dialog (for destructive actions)

Property	Value
Overlay	Dark semi-transparent backdrop (rgba(15,23,42,0.6))
Modal Width	480px centered
Border Radius	12px
Header	Warning icon + "Confirm Action" title
Body	Clear description of what will happen
Reason Field	Required textarea: "Please provide a reason for this action"
Buttons	Cancel (ghost) + Confirm (danger red)
Animation	Scale from 0.95 + fade in, 0.2s

- ☐ Success messages use `NxAlert.success()` - not browser alert()
- ☐ Error messages use `NxAlert.error()` - not browser alert()
- ☐ Delete actions use `NxAlert.delete()` with reason field
- ☐ Status changes use `NxAlert.confirm()`
- ☐ No browser alert(), confirm(), or prompt() anywhere in the module

3.7 Badges & Status Indicators

Badge	Background	Text Color	Usage
Active / Compliant	#ECFDF5	#065F46	Active status, filed returns, compliant items
Pending / Due	#FFFBEF	#92400E	Pending actions, upcoming deadlines
Overdue / Critical	#FEF2F2	#991B1B	Overdue filings, critical alerts
Info / Default	#E0F2FE	#0C4A6E	Informational labels
Inactive / Resigned	#F1F5F9	#475569	Inactive records, resigned directors
Primary	#EEF2FF	#3730A3	Primary contact indicator, selected items

Badge Sizing

Property	Value
Font Size	10px
Font Weight	600 (Semi-Bold)
Padding	3px 10px
Border Radius	20px (pill shape)
Text Transform	Uppercase
Letter Spacing	0.5px

3.8 Cards & Panels

Property	Value
Background	#FFFFFF
Border	1px solid #E2E8F0
Border Radius	12px
Shadow	0 1px 3px rgba(0,0,0,0.1)
Padding	20px
Hover	Shadow elevates, subtle border colour change, translateY(-1px)
Card Header	Pastel gradient background matching section colour
Card Header Padding	14px 20px
Card Header Font	14px, Semi-Bold, --nxcd-text-primary
Card Header Icon	Matching colour icon in circle background

Pastel Card Header Gradients (CIMS Accounts style)

Section	Gradient	Icon Color
Company Info	linear-gradient(135deg, #EEF2FF, #E0E7FF)	#6366F1 (Indigo)
Key Dates	linear-gradient(135deg, #ECFDF5, #D1FAE5)	#10B981 (Green)
Alerts	linear-gradient(135deg, #FFFBEF, #FEF3C7)	#F59E0B (Amber)
Directors	linear-gradient(135deg, #F5F3FF, #EDE9FE)	#8B5CF6 (Purple)
Shareholders	linear-gradient(135deg, #ECFEFF, #CFFAFE)	#06B6D4 (Cyan)
Documents	linear-gradient(135deg, #FFF1F2, #FFE4E6)	#F43F5E (Rose)

- ☐ All cards have consistent padding, radius, and shadow
- ☐ Card headers use pastel gradient backgrounds
- ☐ Cards lift on hover with smooth transition

3.9 Tables

Property	Value
Header Background	#0F172A (Navy)
Header Text	White, 11px, Semi-Bold, Uppercase, 0.5px letter-spacing
Header Padding	12px 16px
Row Height	Min 48px
Row Padding	10px 16px
Row Border	1px solid #F1F5F9 (bottom only)
Alternate Rows	#F8FAFC background on even rows
Hover Row	#F1F5F9 background + 3px left border in primary colour
Cell Font	13px, Regular, --nxcd-text-body
Empty State	Centered icon + "No records found" message

3.10 Icons

Font Awesome 6 (Free) is the icon library. Use solid (fas) icons for actions and buttons, regular (far) for passive indicators. Consistent sizing per context.

Context	Icon Size	Example
Tab navigation	16px	fas fa-tachometer-alt, fas fa-building, fas fa-users
Button with text	14px	fas fa-plus, fas fa-edit, fas fa-trash
Table action buttons	13px	fas fa-eye, fas fa-pencil-alt, fas fa-trash-alt
Card header icon	16px in 32px circle	fas fa-file-contract, fas fa-shield-alt
Empty state	48px	far fa-folder-open, far fa-file-alt
Status indicator	12px	fas fa-circle (coloured dot)
Breadcrumb separator	10px	fas fa-chevron-right
Toast close	14px	fas fa-times

3.11 Animations & Transitions

Animation	Duration	Easing	Usage
Hover transitions	0.2s	cubic-bezier(0.4, 0, 0.2, 1)	Buttons, cards, rows
Tab switch	0.3s	ease-in-out	Content fade/slide between tabs
Accordion open	0.3s	ease-out	Section expand/collapse

Animation	Duration	Easing	Usage
Modal appear	0.2s	ease-out	Scale from 0.95 + fade
Toast slide in	0.3s	ease-out	Slide from right
Toast slide out	0.2s	ease-in	Slide to right + fade
Page entrance	0.4s	ease-out	Fade up from 20px below
Skeleton pulse	1.5s	ease-in-out (infinite)	Loading placeholder shimmer
Spinner rotation	0.8s	linear (infinite)	Loading spinner
Focus glow pulse	2s	ease-in-out (infinite)	Subtle pulse on focused inputs

- ☐ All animations use CSS transitions or @keyframes (no jQuery animate)
- ☐ Reduced motion media query disables animations for accessibility
- ☐ Page entrance animation staggers children with animation-delay

4. Module Foundation

- ☐ **module.json created with correct name, alias, providers**
 - ☐ Module name: NexcoreClientDocs
 - ☐ Module alias: nexcoreclientdocs
 - ☐ Provider: Modules\NexcoreClientDocs\Providers\ClientDocsServiceProvider
- ☐ **ClientDocsServiceProvider.php created**
 - ☐ Registers view namespace: nexcore_clientdocs::
 - ☐ Loads routes from Routes/web.php
 - ☐ Merges config from Config/config.php
 - ☐ Registers middleware aliases
 - ☐ Registers view composers (TabComposer, BreadcrumbComposer)
 - ☐ Publishes CSS/JS assets to public directory
- ☐ **RouteServiceProvider.php created**
 - ☐ Route prefix: nexcore/client-docs
 - ☐ Route name prefix: nexcore.clientdocs.
 - ☐ Middleware group: web, auth
- ☐ **Config/config.php created with menu items, module settings**

5. Configuration & Constants

- ☐ **Permissions.php - 32 permission constants defined**
 - ☐ ACCESS, DASHBOARD_VIEW, DASHBOARD_PRINT
 - ☐ COMPANY_VIEW, COMPANY_EDIT, COMPANY_PRINT
 - ☐ DIRECTORS_VIEW, DIRECTORS_ADD, DIRECTORS_EDIT, DIRECTORS_DELETE, DIRECTORS_PRINT
 - ☐ SHAREHOLDERS_VIEW, SHAREHOLDERS_ADD, SHAREHOLDERS_EDIT, SHAREHOLDERS_DELETE, SHAREHOLDERS_PRINT
 - ☐ DOCUMENTS_VIEW, DOCUMENTS_ADD, DOCUMENTS_EDIT, DOCUMENTS_DELETE, DOCUMENTS_DOWNLOAD, DOCUMENTS_UPLOAD
 - ☐ AUDIT_VIEW, NOTES_ADD, NOTES_EDIT, NOTES_DELETE
 - ☐ ADMIN_PERMISSIONS, ADMIN_RESTORE, ADMIN_BULK
 - ☐ EXPORT_PDF, EXPORT_EXCEL, EXPORT_WORD, EXPORT_PACK
- ☐ **StatusTypes.php defined**
 - ☐ ACTIVE, INACTIVE, DEREGISTERED, IN_LIQUIDATION, SUSPENDED
- ☐ **DocumentCategories.php defined**
 - ☐ ANNUAL_RETURN, FINANCIAL_STATEMENTS, TAX_CLEARANCE, CIPC_CERTIFICATE, etc.
- ☐ **AlertLevels.php defined**
 - ☐ CRITICAL, WARNING, INFO
- ☐ **AuditActions.php defined**

☐ VIEWED, CREATED, UPDATED, DELETED, EXPORTED, PRINTED, PERMISSION_CHANGED, RESTORED

☐ **NoteSections.php defined**

☐ DASHBOARD, COMPANY, DIRECTORS, SHAREHOLDERS, DOCUMENTS

☐ **ExportFormats.php defined**

☐ PDF, EXCEL, CSV, WORD, PRINT, COMPANY_PACK

6. Data Providers

Data providers return structured arrays of static seed data. When switching to live database data, only the internals of these classes change. Controllers and views stay the same.

- ☐ **DashboardDataProvider.php**
 - ☐ getCompanyInfo() - returns company name, reg number, tax numbers, status
 - ☐ getKeyDates() - returns array of filing deadlines with status
 - ☐ getAlerts() - returns array of alerts with severity levels
 - ☐ getActionButtons() - returns available actions based on company status
 - ☐ getActivityFeed() - returns recent audit log entries
- ☐ **CompanyDataProvider.php**
 - ☐ getRegistrationDetails() - reg number, incorporation date, financial year end
 - ☐ getTaxDetails() - income tax, VAT, PAYE, UIF, SDL numbers
 - ☐ getBusinessDetails() - nature of business, physical address, postal address
- ☐ **DirectorsDataProvider.php**
 - ☐ getDirectors() - array of director records with photo, name, ID, dates, status
 - ☐ getDirectorSummary() - total count, active count, resigned count
- ☐ **ShareholdersDataProvider.php**
 - ☐ getShareholders() - array of shareholder records with name, shares, percentage
 - ☐ getOwnershipSummary() - total shares, total shareholders, percentage chart data
- ☐ **DocumentsDataProvider.php**
 - ☐ getDocuments() - array of documents with name, category, date, status
 - ☐ getDocumentCategories() - list of available categories for filtering

7. Controllers

- ☐ **DashboardController.php**
 - ☐ index() - loads dashboard view with data from DashboardDataProvider
- ☐ **CompanyController.php**
 - ☐ index() - loads company details view
 - ☐ edit() - loads company edit form (permission: COMPANY_EDIT)
 - ☐ update() - processes company edit (permission: COMPANY_EDIT)
- ☐ **DirectorsController.php**
 - ☐ index() - loads directors list with search/filter
 - ☐ create() - loads add director form (permission: DIRECTORS_ADD)
 - ☐ store() - stores new director (permission: DIRECTORS_ADD)
 - ☐ edit() - loads edit director form (permission: DIRECTORS_EDIT)

- ☐ `update()` - processes edit (permission: DIRECTORS_EDIT)
- ☐ `destroy()` - soft deletes director (permission: DIRECTORS_DELETE)
- ☐ **ShareholdersController.php**
 - ☐ `index()` - loads shareholders list with search/filter
 - ☐ `create()` - loads add shareholder form (permission: SHAREHOLDERS_ADD)
 - ☐ `store()` - stores new shareholder
 - ☐ `edit()` - loads edit shareholder form
 - ☐ `update()` - processes edit
 - ☐ `destroy()` - soft deletes shareholder
- ☐ **DocumentsController.php**
 - ☐ `index()` - loads documents list with category filter
 - ☐ `create()` - loads upload document form (permission: DOCUMENTS_ADD)
 - ☐ `store()` - stores uploaded document
 - ☐ `edit()` - loads edit document details form
 - ☐ `update()` - processes edit
 - ☐ `download()` - downloads document file (permission: DOCUMENTS_DOWNLOAD)
 - ☐ `destroy()` - soft deletes document
- ☐ **PermissionsController.php**
 - ☐ `index()` - loads permissions management page (permission: ADMIN_PERMISSIONS)
 - ☐ `update()` - saves user permission assignments
 - ☐ `applyTemplate()` - applies role template to user
- ☐ **AuditController.php**
 - ☐ `index()` - loads full audit log with filters (permission: AUDIT_VIEW)
- ☐ **NotesController.php**
 - ☐ `store()` - adds new note to a section (permission: NOTES_ADD)
 - ☐ `update()` - edits existing note (permission: NOTES_EDIT)
 - ☐ `destroy()` - deletes note (permission: NOTES_DELETE)
- ☐ **RecycleBinController.php**
 - ☐ `index()` - loads deleted records (permission: ADMIN_RESTORE)
 - ☐ `restore()` - restores soft-deleted record
- ☐ **ExportController.php**
 - ☐ `exportPdf()` - generates section PDF (permission: EXPORT_PDF)
 - ☐ `exportExcel()` - generates Excel file (permission: EXPORT_EXCEL)
 - ☐ `exportCsv()` - generates CSV file (permission: EXPORT_EXCEL)
 - ☐ `exportWord()` - generates Word document (permission: EXPORT_WORD)
 - ☐ `exportCompanyPack()` - generates bundled PDF (permission: EXPORT_PACK)
 - ☐ `print()` - loads print-optimized view

8. Middleware & Access Control

Three layers of protection on every action:

- ☐ **LAYER 1: Route Middleware**
 - ☐ CheckClientDocsAccess.php - blocks entire module if user lacks ACCESS permission
 - ☐ CheckClientDocsPermission.php - checks specific permission on each route
 - ☐ Returns branded 403 error page (not generic Laravel 403)
 - ☐ All routes in web.php wrapped with middleware
- ☐ **LAYER 2: UI Protection**
 - ☐ Blade @can / @if permission checks on all buttons and links
 - ☐ Add buttons hidden if user lacks ADD permission
 - ☐ Edit buttons hidden if user lacks EDIT permission
 - ☐ Delete buttons hidden if user lacks DELETE permission
 - ☐ Export buttons hidden if user lacks respective EXPORT permission
 - ☐ Admin menu items hidden if user lacks ADMIN permissions
- ☐ **LAYER 3: Controller Protection**
 - ☐ Every controller method double-checks permission before executing
 - ☐ Returns 403 even if middleware somehow bypassed
 - ☐ Logs unauthorized access attempts to audit trail
- ☐ **ClientDocsPolicy.php**
 - ☐ Laravel Gate/Policy integration for authorization logic
 - ☐ All permission checks centralized in policy methods

9. Views - Dashboard Section

- ☐ **dashboard/index.blade.php - Main three-column layout**
 - ☐ Extends layouts/master.blade.php
 - ☐ Three-column grid: left (30%), centre (45%), right (25%)
 - ☐ Horizontal tabs at top: Dashboard, Company, Directors, Shareholders, Documents
 - ☐ Breadcrumbs: Home > Client Docs > Dashboard
- ☐ **dashboard/partials/company-info-card.blade.php**
 - ☐ Company name as card title
 - ☐ Registration Number, Income Tax Number
 - ☐ Incorporation Date, Financial Year End
 - ☐ Company Status badge (Active/Inactive/Deregistered)
- ☐ **dashboard/partials/key-dates-table.blade.php**

- ☐ Table with columns: Filing, Due Date, Status
- ☐ Status badges: Filed (green), Pending (amber), Overdue (red)
- ☐ Sortable columns
- ☐ **dashboard/partials/alerts-panel.blade.php**
 - ☐ Alert cards with severity icons (Critical/Warning/Info)
 - ☐ Colour-coded left border per severity
 - ☐ Timestamp on each alert
- ☐ **dashboard/partials/action-buttons.blade.php**
 - ☐ File Annual Return button
 - ☐ File Beneficial Ownership button
 - ☐ Approve Financials button
 - ☐ View Company Registers button
 - ☐ Manage Access button
 - ☐ All buttons permission-checked
- ☐ **dashboard/partials/activity-feed.blade.php**
 - ☐ Timeline of recent audit log entries
 - ☐ Shows: user avatar, action, timestamp, details

10. Views - Company Section

- ☐ **company/index.blade.php - Company details page**
 - ☐ Same tab navigation at top (Company tab active)
 - ☐ Edit button (permission-checked)
- ☐ **company/partials/registration-details.blade.php**
 - ☐ Company Name, Registration Number, Enterprise Type
 - ☐ Incorporation Date, Status, Financial Year End
- ☐ **company/partials/tax-details.blade.php**
 - ☐ Income Tax Number, VAT Number, PAYE Reference
 - ☐ UIF Reference, SDL Reference, Customs Code
- ☐ **company/partials/business-details.blade.php**
 - ☐ Nature of Business, SIC Code
 - ☐ Registered Address (physical), Postal Address
 - ☐ Contact Details (phone, email, website)

11. Views - Directors Section

- ☐ **directors/index.blade.php - Directors list page**
 - ☐ Directors tab active in navigation
 - ☐ Summary stats: Total, Active, Resigned
 - ☐ Add Director button (permission-checked)
 - ☐ Search bar and filters
- ☐ **directors/partials/director-card.blade.php**
 - ☐ Photo or initials avatar (gradient border frame)
 - ☐ Full Name, ID Number, Nationality
 - ☐ Appointment Date, Resignation Date (if applicable)
 - ☐ Status badge (Active/Resigned/Removed)
 - ☐ Designation (Executive/Non-Executive)
 - ☐ Edit, Toggle Status, Delete action buttons (permission-checked)
- ☐ **directors/partials/director-summary.blade.php**
 - ☐ Stat cards: Total Directors, Active, Resigned
- ☐ **directors/partials/director-filters.blade.php**
 - ☐ Filter by: Status, Designation, Nationality
 - ☐ Search by: Name, ID Number
 - ☐ Clear filters button

12. Views - Shareholders Section

- ☐ **shareholders/index.blade.php - Shareholders list page**
 - ☐ Shareholders tab active
 - ☐ Summary: Total Shares, Total Shareholders
 - ☐ Add Shareholder button (permission-checked)
- ☐ **shareholders/partials/shareholder-card.blade.php**
 - ☐ Shareholder Name, Type (Individual/Company)
 - ☐ Number of Shares, Percentage Ownership
 - ☐ Effective Date, Status
 - ☐ Edit, Delete action buttons (permission-checked)
- ☐ **shareholders/partials/ownership-chart.blade.php**
 - ☐ Visual ownership breakdown (percentage bars or pie chart)
- ☐ **shareholders/partials/shareholder-filters.blade.php**
 - ☐ Filter by: Type (Individual/Company), Status

13. Views - Documents Section

- ☐ **documents/index.blade.php - Documents list page**
 - ☐ Documents tab active
 - ☐ Upload Document button (permission-checked)
 - ☐ Bulk select checkboxes
- ☐ **documents/partials/document-row.blade.php**
 - ☐ Document icon (by file type: PDF, DOC, XLS, IMG)
 - ☐ Document Name, Category, Upload Date
 - ☐ File Size, Uploaded By
 - ☐ Download, Edit, Delete action buttons (permission-checked)
- ☐ **documents/partials/document-filters.blade.php**
 - ☐ Filter by: Category, Date Range, File Type
 - ☐ Search by: Document Name

14. Shared Partial

- ☐ **partials/tabs.blade.php - Horizontal tab navigation**
 - ☐ 5 tabs: Dashboard, Company, Directors, Shareholders, Documents
 - ☐ Active tab highlighted with primary colour bottom border
 - ☐ Tab icons + labels
 - ☐ Additional tabs for admin: Permissions, Audit, Recycle Bin
- ☐ **partials/header.blade.php - Page header with company context**
 - ☐ Company name and registration number displayed
 - ☐ Breadcrumb trail
 - ☐ Export dropdown button
- ☐ **partials/breadcrumbs.blade.php - Navigation breadcrumbs**
 - ☐ Auto-generated from current route
 - ☐ Chevron separators
- ☐ **partials/footer.blade.php - Page footer**
- ☐ **partials/error-state.blade.php - Branded error page**
 - ☐ 403 Forbidden: 'You do not have permission to access this page'
 - ☐ 404 Not Found: 'The requested record could not be found'
- ☐ **partials/empty-state.blade.php - No records display**
 - ☐ Large icon, descriptive message, action button (e.g. 'Add First Director')
- ☐ **partials/notes-panel.blade.php - Notes sidebar/section**
 - ☐ Add note form at top (permission-checked)

- ☐ Chronological list of notes below
- ☐ **partials/note-entry.blade.php - Single note display**
 - ☐ Author name, timestamp, note content
 - ☐ Edit and Delete buttons (permission-checked)
- ☐ **partials/search-bar.blade.php - Reusable search component**
 - ☐ Search input with icon, debounced search on keyup
 - ☐ Clear search button
- ☐ **partials/confirm-dialog.blade.php - Confirmation modal**
 - ☐ Warning icon, action description, reason textarea
 - ☐ Cancel and Confirm buttons

15. Permissions System

- ☐ **permissions/index.blade.php - Permission management page**
 - ☐ User list with search
 - ☐ Permission grid (checkboxes) for each user
 - ☐ Role template dropdown for quick assignment
 - ☐ Save button per user row
 - ☐ Bulk apply template to multiple users
- ☐ **permissions/partials/user-permission-row.blade.php**
 - ☐ User name and email
 - ☐ 32 checkboxes grouped by section
 - ☐ Current role template displayed
 - ☐ Last modified date
- ☐ **permissions/partials/role-template-selector.blade.php**
 - ☐ Dropdown with: Full Access, Manager, Data Entry, View Only, Auditor, Export Only, Custom
 - ☐ Auto-fills checkboxes when template selected
 - ☐ 'Custom' shown when permissions don't match any template

16. Audit Trail System

- ☐ **audit/index.blade.php - Full audit log page**
 - ☐ Filterable by: User, Action Type, Section, Date Range
 - ☐ Paginated results (50 per page)
 - ☐ Export audit log to PDF/Excel
- ☐ **audit/partials/audit-entry.blade.php**
 - ☐ User avatar and name
 - ☐ Action performed (Created, Updated, Deleted, Viewed, Exported)
 - ☐ Target record and section
 - ☐ Timestamp with relative time (e.g. '2 hours ago')
 - ☐ IP address
 - ☐ Before/after values for updates (JSON diff)
- ☐ **Audit logging integrated into every controller action**
 - ☐ Every view action logs VIEWED
 - ☐ Every create action logs CREATED with new data
 - ☐ Every update action logs UPDATED with before/after diff
 - ☐ Every delete action logs DELETED with reason + deleted data
 - ☐ Every export action logs EXPORTED with format and section

- ☐ Every print action logs PRINTED
- ☐ Every permission change logs PERMISSION_CHANGED
- ☐ Every restore action logs RESTORED

17. Notes & Comments System

- ☐ **Notes panel available on every section page**
 - ☐ Add note form: textarea + submit button
 - ☐ Note displays: author, timestamp, content
 - ☐ Edit note in-line (permission: NOTES_EDIT)
 - ☐ Delete note with confirmation (permission: NOTES_DELETE)
 - ☐ Notes linked to section (Company, Directors, Shareholders, Documents)
 - ☐ All note actions logged to audit trail
 - ☐ Notes sorted newest first

18. Soft Deletes & Recycle Bin

- ☐ **All delete operations are soft deletes**
 - ☐ Deleted records marked with: deleted_at, deleted_by, delete_reason
 - ☐ Delete confirmation requires typed reason
 - ☐ Deleted records hidden from normal views
- ☐ **recycle-bin/index.blade.php - Recycle Bin page**
 - ☐ Lists all soft-deleted records across all sections
 - ☐ Shows: record type, name, deleted by, deleted at, reason
 - ☐ Restore button per record (permission: ADMIN_RESTORE)
 - ☐ Restore action logged to audit trail
 - ☐ Permanent delete option (admin only, with double confirmation)

19. Export Engine

- ☐ **ExportController.php handles all export generation**
- ☐ **PRINT**
 - ☐ Print-optimized layout: no sidebar, no buttons, data only
 - ☐ NexCore branding header with logo, company name, date, page numbers
 - ☐ Opens in new tab, auto-triggers browser print dialog
- ☐ **PDF EXPORT**
 - ☐ Server-side generated PDF downloads directly
 - ☐ A4 layout, proper margins, professional typography
 - ☐ Company Profile PDF template
 - ☐ Directors Register PDF template
 - ☐ Shareholders Register PDF template
 - ☐ Documents Register PDF template
- ☐ **EXCEL EXPORT (.xlsx)**
 - ☐ Formatted columns with proper headers
 - ☐ Auto-filters on header row
 - ☐ Column widths auto-sized
 - ☐ NexCore branding in first row
 - ☐ Combined workbook option (all sections as sheets)
- ☐ **CSV EXPORT**
 - ☐ Standard comma-separated format
 - ☐ UTF-8 encoding
 - ☐ One CSV per section
- ☐ **WORD EXPORT (.docx)**
 - ☐ Formatted Word document per section
 - ☐ Editable tables and headings
 - ☐ Company letterhead
- ☐ **BUNDLED PDF PRESENTATION PACK**
 - ☐ Cover Page: NexCore branded, company name, date
 - ☐ Table of Contents: auto-generated with page numbers
 - ☐ Section 1: Company Overview (registration, tax, address, status)
 - ☐ Section 2: Key Dates & Compliance (filing calendar, compliance score)
 - ☐ Section 3: Board of Directors (each director with photo and details)
 - ☐ Section 4: Shareholders Register (ownership table + chart)
 - ☐ Section 5: Document Register (full document listing)
 - ☐ Section 6: Activity Log (optional toggle)

- ☐ Back Page: NexCore branding, confidentiality notice
- ☐ Configuration dialog: user selects which sections to include
- ☐ Option to attach actual documents as appendices
- ☐ **Export Toolbar Component**
 - ☐ Dropdown with all format options
 - ☐ Permission-checked (each format separately)
 - ☐ Available on every section page

20. Search & Filtering

- ☐ **Reusable search-bar.blade.php partial**
 - ☐ Debounced search (300ms delay) on keyup
 - ☐ Clear search button (X icon)
 - ☐ Search results highlight matching text
- ☐ **Section-specific filters**
 - ☐ Directors: filter by Status, Designation, Nationality
 - ☐ Shareholders: filter by Type, Status
 - ☐ Documents: filter by Category, Date Range, File Type
 - ☐ Audit: filter by User, Action Type, Section, Date Range
 - ☐ Filter state preserved in URL query string
 - ☐ Clear all filters button
- ☐ **Bulk Actions**
 - ☐ Checkbox column on all list/table views
 - ☐ Select All / Deselect All toggle
 - ☐ Bulk action toolbar appears when items selected
 - ☐ Bulk Export (PDF/Excel of selected records)
 - ☐ Bulk Delete (with confirmation dialog)
 - ☐ All bulk actions permission-checked

21. Database Migrations & Models

- ☐ **create_clientdocs_permissions_table.php**
 - ☐ Columns: id, user_id, permission_key, granted (boolean), granted_by, timestamps
 - ☐ Unique constraint on user_id + permission_key
- ☐ **create_clientdocs_role_templates_table.php**
 - ☐ Columns: id, name, slug, permissions (JSON), is_default, timestamps
 - ☐ Seeded with: Full Access, Manager, Data Entry, View Only, Auditor, Export Only
- ☐ **create_clientdocs_audit_log_table.php**
 - ☐ Columns: id, user_id, action, section, record_type, record_id, before_data (JSON), after_data (JSON), reason, ip_address, user_agent
 - ☐ Indexed on: user_id, action, section, created_at
- ☐ **create_clientdocs_notes_table.php**
 - ☐ Columns: id, section, record_type, record_id, content (text), created_by, updated_by, timestamps, soft deletes
- ☐ **ClientDocsPermission.php model**
 - ☐ Relationships: belongsTo User
 - ☐ Scopes: forUser(\$userId), granted()

- ☐ **ClientDocsRoleTemplate.php model**
 - ☐ Cast permissions as JSON array
- ☐ **ClientDocsAuditLog.php model**
 - ☐ Relationships: belongsTo User
 - ☐ Scopes: forSection(\$section), forAction(\$action), inDateRange(\$from, \$to)
- ☐ **ClientDocsNote.php model**
 - ☐ Relationships: belongsTo User (creator)
 - ☐ Uses SoftDeletes trait

22. CSS & JS Assets

☐ **nexcore-clientdocs-layout.css**

- ☐ CSS custom properties (all --nxcd-* variables)
- ☐ Three-column dashboard grid
- ☐ Tab navigation layout
- ☐ Card and panel layout
- ☐ Page header and breadcrumb layout
- ☐ Sidebar layout (if applicable)
- ☐ Print media query styles

☐ **nexcore-clientdocs-components.css**

- ☐ Form control styles (input, select, textarea, date, phone)
- ☐ Button styles (primary, secondary, success, danger, warning, ghost)
- ☐ Badge styles (all colour variants)
- ☐ Table styles (header, rows, hover, stripe)
- ☐ Card styles (header gradients, hover effects)
- ☐ Alert and message box styles
- ☐ Modal and dialog styles
- ☐ Tooltip styles
- ☐ Loading skeleton and spinner styles
- ☐ Empty state styles
- ☐ Notes panel styles
- ☐ Activity feed timeline styles

☐ **nexcore-clientdocs-responsive.css**

- ☐ Breakpoint 1280px: desktop adjustments
- ☐ Breakpoint 1024px: tablet - 2 column collapse
- ☐ Breakpoint 768px: mobile - single column stack
- ☐ Touch-friendly button sizes on mobile (min 44px tap target)
- ☐ Horizontal scroll on tables if needed
- ☐ Reduced motion media query

☐ **nexcore-clientdocs-nav.js**

- ☐ Tab switching logic with content fade/slide
- ☐ Active tab state management
- ☐ URL hash updates on tab switch
- ☐ Browser back/forward support for tabs

☐ **nexcore-clientdocs-ui.js**

- ☐ Accordion open/close logic

- ☐ Flatpickr date picker initialization
- ☐ Form validation display (red borders, error messages, scroll to first error)
- ☐ Unsaved changes detection and warning bar
- ☐ Character counter on textareas
- ☐ Photo upload preview
- ☐ Tooltip positioning
- ☐ Skeleton loader show/hide
- ☐ Page entrance animations
- ☐ **nexcore-clientdocs-helpers.js**
 - ☐ Number formatting (currency, percentage, quantity)
 - ☐ Date formatting helpers
 - ☐ Debounce utility for search
 - ☐ Copy to clipboard function
- ☐ **nexcore-clientdocs-dialogs.js**
 - ☐ NxAlert.success() - success toast notification
 - ☐ NxAlert.error() - error toast notification
 - ☐ NxAlert.warning() - warning toast notification
 - ☐ NxAlert.info() - info toast notification
 - ☐ NxAlert.confirm() - confirmation dialog with callback
 - ☐ NxAlert.delete() - delete dialog with reason field
 - ☐ Toast stacking and auto-dismiss logic
 - ☐ Modal overlay management

23. Routes & Navigation

All routes defined in Routes/web.php with middleware protection.

Route Name	Method	URI	Controller@Method	Permission
clientdocs.dashboard	GET	/dashboard	Dashboard@index	DASHBOARD_VIEW
clientdocs.company.index	GET	/company	Company@index	COMPANY_VIEW
clientdocs.company.edit	GET	/company/edit	Company@edit	COMPANY_EDIT
clientdocs.company.update	PUT	/company	Company@update	COMPANY_EDIT
clientdocs.directors.index	GET	/directors	Directors@index	DIRECTORS_VIEW
clientdocs.directors.create	GET	/directors/create	Directors@create	DIRECTORS_ADD
clientdocs.directors.store	POST	/directors	Directors@store	DIRECTORS_ADD
clientdocs.directors.edit	GET	/directors/{id}/edit	Directors@edit	DIRECTORS_EDIT
clientdocs.directors.update	PUT	/directors/{id}	Directors@update	DIRECTORS_EDIT
clientdocs.directors.destroy	DELETE	/directors/{id}	Directors@destroy	DIRECTORS_DELETE
clientdocs.shareholders.index	GET	/shareholders	Shareholders@index	SH_VIEW
clientdocs.shareholders.create	GET	/shareholders/create	Shareholders@create	SH_ADD
clientdocs.shareholders.store	POST	/shareholders	Shareholders@store	SH_ADD
clientdocs.shareholders.edit	GET	/shareholders/{id}/edit	Shareholders@edit	SH_EDIT
clientdocs.shareholders.update	PUT	/shareholders/{id}	Shareholders@update	SH_EDIT
clientdocs.shareholders.destroy	DELETE	/shareholders/{id}	Shareholders@destroy	SH_DELETE
clientdocs.documents.index	GET	/documents	Documents@index	DOCS_VIEW

Route Name	Method	URI	Controller@Method	Permission
clientdocs.documents.create	GET	/documents/create	Documents@create	DOCS_ADD
clientdocs.documents.store	POST	/documents	Documents@store	DOCS_ADD
clientdocs.documents.edit	GET	/documents/{id}/edit	Documents@edit	DOCS_EDIT
clientdocs.documents.update	PUT	/documents/{id}	Documents@update	DOCS_EDIT
clientdocs.documents.download	GET	/documents/{id}/dl	Documents@download	DOCS_DL
clientdocs.documents.destroy	DELETE	/documents/{id}	Documents@destroy	DOCS_DELETE
clientdocs.permissions.index	GET	/permissions	Permissions@index	ADMIN_PERM
clientdocs.permissions.update	PUT	/permissions/{user}	Permissions@update	ADMIN_PERM
clientdocs.audit.index	GET	/audit	Audit@index	AUDIT_VIEW
clientdocs.notes.store	POST	/notes	Notes@store	NOTES_ADD
clientdocs.notes.update	PUT	/notes/{id}	Notes@update	NOTES_EDIT
clientdocs.notes.destroy	DELETE	/notes/{id}	Notes@destroy	NOTES_DELETE
clientdocs.recycle-bin.index	GET	/recycle-bin	RecycleBin@index	ADMIN_RESTORE
clientdocs.recycle-bin.restore	POST	/recycle-bin/{id}	RecycleBin@restore	ADMIN_RESTORE
clientdocs.export.*	GET	/export/{format}/{section}	Export@handle	EXPORT_*

- ☐ All routes use named routes (no hardcoded URLs in views)
- ☐ All routes wrapped with CheckClientDocsAccess middleware
- ☐ Individual routes have CheckClientDocsPermission middleware
- ☐ CSRF protection on all POST/PUT/DELETE routes
- ☐ Module registered in modules_statuses.json as NexcoreClientDocs: true

24. Full Permission Matrix

#	Permission Key	Description
1	clientdocs.access	Module access - can see menu and open module
2	clientdocs.dashboard.view	View the dashboard overview
3	clientdocs.dashboard.print	Print/export the dashboard
4	clientdocs.company.view	View company details
5	clientdocs.company.edit	Edit company details
6	clientdocs.company.print	Print/export company info
7	clientdocs.directors.view	View directors list
8	clientdocs.directors.add	Add a new director
9	clientdocs.directors.edit	Edit director details
10	clientdocs.directors.delete	Remove a director (soft delete)
11	clientdocs.directors.print	Print/export directors
12	clientdocs.shareholders.view	View shareholders list
13	clientdocs.shareholders.add	Add a shareholder
14	clientdocs.shareholders.edit	Edit shareholder details
15	clientdocs.shareholders.delete	Remove a shareholder (soft delete)
16	clientdocs.shareholders.print	Print/export shareholders
17	clientdocs.documents.view	View documents list
18	clientdocs.documents.add	Upload new documents
19	clientdocs.documents.edit	Edit document details
20	clientdocs.documents.delete	Delete documents (soft delete)
21	clientdocs.documents.download	Download document files
22	clientdocs.documents.print	Print/export document list

#	Permission Key	Description
23	clientdocs.audit.view	View audit trail
24	clientdocs.notes.add	Add notes/comments
25	clientdocs.notes.edit	Edit notes
26	clientdocs.notes.delete	Delete notes
27	clientdocs.admin.permissions	Manage user permissions
28	clientdocs.admin.restore	Restore soft-deleted records
29	clientdocs.admin.bulk	Perform bulk actions
30	clientdocs.export.pdf	Export to PDF
31	clientdocs.export.excel	Export to Excel/CSV
32	clientdocs.export.word	Export to Word

25. Role Templates

Role	Access	View	Add	Edit	Delete	Print	Export	Notes	Audit	Admin
Full Access	Y	All	All	All	All	All	All	All	Y	All
Manager	Y	All	All	All	All	All	All	All	Y	-
Data Entry	Y	All	All	All	-	All	-	Add	-	-
View Only	Y	All	-	-	-	All	-	-	-	-
Auditor	Y	All	-	-	-	All	All	-	Y	-
Export Only	Y	All	-	-	-	All	All	-	-	-

Y = Yes, All = All permissions in category, - = No access

26. Deployment Checklist

☐ PRE-DEPLOYMENT

- ☐ All files built and tested locally
- ☐ No PHP syntax errors (php -l on all PHP files)
- ☐ No Blade syntax errors
- ☐ All routes resolve correctly
- ☐ All views render without errors
- ☐ CSS renders correctly in Chrome, Firefox, Safari, Edge
- ☐ JavaScript has no console errors
- ☐ All permissions checked and working
- ☐ Responsive design tested at all breakpoints

☐ DEPLOYMENT TO SERVER

- ☐ Upload to: public_html/application/Modules/NexcoreClientDocs/
- ☐ Verify all files uploaded completely (file sizes match)
- ☐ Update modules_statuses.json: add 'NexcoreClientDocs': true
- ☐ Clear view cache: https://bizexpress.co.za/clear_views.php
- ☐ Clear NexCore cache: https://bizexpress.co.za/nc_clear_cache.php

☐ POST-DEPLOYMENT VERIFICATION

- ☐ Module loads without errors
- ☐ All 5 tabs navigate correctly
- ☐ All buttons render and are clickable
- ☐ Permission checks work (test with different user roles)
- ☐ Export buttons generate correct output
- ☐ Print layout renders correctly
- ☐ Audit trail records actions
- ☐ Notes can be added and displayed
- ☐ Responsive design works on server (not just local)
- ☐ No 500 errors in Laravel log

27. Testing & Verification Checklist

☐ FUNCTIONAL TESTING

- ☐ Dashboard loads with all three columns populated
- ☐ Company tab shows all registration and tax details
- ☐ Directors tab shows director cards with photos/initials
- ☐ Shareholders tab shows shareholder list with ownership chart

- ☐ Documents tab shows document list with file type icons
- ☐ Tab switching works with smooth transitions
- ☐ Breadcrumbs update correctly per page
- ☐ Search bar filters results correctly
- ☐ Section filters work and can be cleared
- ☐ Notes can be added, edited, and deleted
- ☐ Audit log records all actions with correct details
- ☐ Recycle bin shows deleted records and allows restore
- ☐ **PERMISSION TESTING**
 - ☐ Full Access user: can do everything
 - ☐ View Only user: can view and print, no add/edit/delete buttons visible
 - ☐ Data Entry user: can view, add, edit - no delete buttons
 - ☐ No permission user: gets 403 on module access
 - ☐ Direct URL access blocked for unauthorized actions
 - ☐ Permission changes take effect immediately
- ☐ **EXPORT TESTING**
 - ☐ Print: opens clean print layout in new tab
 - ☐ PDF: downloads correctly formatted A4 PDF
 - ☐ Excel: downloads .xlsx with formatted columns and filters
 - ☐ CSV: downloads properly encoded CSV file
 - ☐ Word: downloads formatted .docx document
 - ☐ Company Pack: generates multi-section PDF with cover and TOC
 - ☐ Exports respect current filters (exports what user sees)
- ☐ **UI/UX TESTING**
 - ☐ All fonts load correctly
 - ☐ All colours match the design specification
 - ☐ Form inputs have correct focus/error states
 - ☐ Buttons have correct hover/active effects
 - ☐ Cards have hover elevation effect
 - ☐ Table rows have hover highlight
 - ☐ Badges display correct colours per status
 - ☐ Empty states show when no records exist
 - ☐ Loading spinners appear during async operations
 - ☐ Toast notifications appear and auto-dismiss
 - ☐ Confirmation dialogs work with reason field
 - ☐ Unsaved changes warning appears when navigating away
- ☐ **RESPONSIVE TESTING**
 - ☐ Desktop (1280px+): full three-column layout

- ☐ Tablet (1024px): two-column collapse
- ☐ Mobile (768px): single-column stack
- ☐ Touch targets minimum 44px on mobile
- ☐ Tables horizontally scrollable on small screens
- ☐ No horizontal overflow on any screen size

28. Sign-Off

This document serves as the complete development guide and audit verification checklist for the NexcoreClientDocs module. All items must be checked off before the module is considered complete.

	Name	Signature	Date
